THE MINISTER OF EXTERNAL AFFAIRS (SHRI I.K. GUJRAL) : (a) to (c) According to available information, 230 Indian fishermen and 37 boats have been captured and detained by Pakistani authorities since March 1994. Pakistan has, however, so far only acknowledged 190 fishermen and 31 boats to be in their custody.

(d) As a result of our efforts, 110 fishermen and 18 boats were released by Pakistan between May, 1994 and January, 1995. However, these fishermen and boats were seized by Pakistani authorities prior to March, 1994.

(e) and (f) Government is pursuing vigorously all the cases of Indian fishermen currently under detention in Pakistan.

During the meeting of External Affairs Minister with the then Pakistani Foreign Minister in Delhi on 18th December, 1996, the issue of the release/repatriation of fishermen in each other's custody was discussed and it was decided that data should be exchanged by both sides and the concerned officials would meet as soon as possible to address this issue. The relevant data is being compiled.

(g) Incidents of capture of Indian fishermen by Pakistani Security Agencies occur off the Coast of Gujarat, close to our maritime boundary. Regular and continuous patrolling of our territorial waters off the coast of Gujarat is being maintained by the concerned Indian authorities to prevent unintended drifting of boats from both countries into each other's territory.

(h) Both countries had undertaken in 1987 that the concerned authorities in each country would take all steps to educate their fishermen to stay at a safe distance from each other's Maritime Zones.
